

DAVID MCKEE ARCHITECT

Principle David McKee

PROFILE

David McKee is a licensed Nevada Architect opening his own firm in 2001. His experience in work has taken him to Guam for design service requests for a multi-family condo resort. He provides design services to support the small business community of Las Vegas and southern Arizona. Our goal is to provide a strong design team that will work directly with the client and within the client's budget. We pride ourselves on working with clients to personal level as they return year after year. We have ongoing clients through the years that have become friends and family. We are a small firm with thirty plus years of experience and a focus on clients needs.
